

Best solution to oil & chemical pollution

OIL ONLY SPILL RESPONSE KITS

A wide range of oil only spill kits to choose from. These absorbents are designed for spill response involving petroleum based liquids. They do not absorb water and have the advantage to be used during rainfall.

Application Areas are basically anywhere there is a leak, drip or spill, such as

- Heavy manufacturing
- Indoor/outdoor spill cleanup
- Under conveyors, parts bin
- At base of machines, labs, boiler houses, refueling (ships, aircrafts, tanks, lorries)
- On lagoon, streams
- General oil spill response on land and water

120 LITRE OIL WHELLEY KIT

15" X 19" heavy duty pads = 50 nos
 18" X 18" Pillows = 4 nos
 3" X 4' socks = 5 nos
 Nitrile gloves = 2 pairs
 Goggles = 2 pairs
 Disposal bags = 5 nos

Total absorbency upto 130 ltrs

120 litre capacity container, Injection molded from specially designed HDPE with 2 wheels.

240 LITRE OIL WHELLEY KIT

15" X 19" heavy duty pads = 50 nos
 18" X 18" Pillows = 8 nos
 3" X 12' socks = 5 nos
 Mini Roll = 1 nos
 Nitrile gloves = 3 pairs
 Goggles = 3 pairs
 Disposal bags = 10 nos
 Disposable coveralls = 2 nos

Total absorbency upto 275 ltrs

240 litre capacity container, Injection molded from specially designed HDPE with 2 wheels.

360 LITRE OIL WHELLEY KIT

15" X 19" heavy duty pads = 100 nos
 3" X 8' socks = 5 nos
 18" X 18" Pillows = 16 nos
 Junior Roll = 1 nos
 5" X 10' Boom = 4 nos
 Nitrile gloves = 3 pairs
 Goggles = 3 pairs
 Disposal bags = 10 nos
 Disposable coveralls = 2 nos

Total absorbency upto 560 ltrs

340 litre capacity container, Injection molded from specially designed HDPE with 2 wheels.
